Resolved that the diversion of the travellers' bungalow as suggested is undesirable and that, if the musafirkhana is insufficient for the temporary location of the dispensary, further accommodation be rented elsewhere, if procurable.

27. Read correspondence ending with Bowringpet Amildar's report No. 300, dated the 27th January 1910, requesting sanction for the payment of local allowance to the Local Fund clerk attached to Bowringpet Taluk from the date of his entertainment.

Resolution.—The Takalaghatta well sanctioned and started in 1902, and sunk to a depth of 51 feet with no prospects of tapping any water, is being shown on the list of incomplete works every year, and it being very unlikely and improbable that water can be tapped even though deepened to any fair limit, resolved that the work be abandoned once for all and removed from the list of incomplete works.

31. Read report No. 94, dated 3rd February 1910, from the Assistant Veterinary Inspector, Kolar, requesting an additional grant of Rs. 50 under maintenance charges of the dispensary for the purchase of instruments, etc., for the year 1910-11.
